QUESTION 4

An audit report prepared by Eunice and Yang, Certified Public Accountant (CPA), is provided below. The audit for the year ended 31 December 2016 was completed on 1 March 2017, and the report was issued to Jahan Sdn. Bhd, a private company, on 13 March 2017.

We have examined the accompanying financial statements of Jahan Sdn. Bhd. as of 31 December 2016. These financial statements are the responsibility of the company's management. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in Malaysia. Those principles require that we plan and perform the audit to provide reasonable assurance about whether the financial statements are free of misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, except for the effects of not capitalizing certain lease obligations that should be capitalized in order to conform with generally accepted accounting principles, the financial statements referred to above present accurately the financial position of Jahan Sdn. Bhd as of 31 December 2016, in conformity with MFRS.

Eunice and Yang, CPAs

13 March 2017

QUESTION 5

Management is responsible for establishing and maintaining the entity's internal controls. For public companies, management is also required to publicly report on the operating effectiveness of those controls. In contrast, the auditor's responsibilities include understanding and testing internal control over financial reporting. For public company clients, the auditor is also required to issue an audit report on management's assessment of its internal controls, including the auditor's opinion on the operating effectiveness of those controls.

Required:

- a) Describe each of the three objectives of effective internal control.
(6 marks)
- b) List the four phases in the auditor's process of understanding internal control and assessing control risk for a public company.
(4 marks)
- c) Discuss the five components of internal control framework set out in the Malaysian auditing standard.
